Cheese Counter

Danish Fontina 7.99 lb

Sweet, creamy, and mild, our Danish Fontina is a gentle alternative to the Italian original. While not having the pungent smell of the Italian version, this cheese is still perfect for melting over vegetables, into cream sauces for pasta, or baked into homemade cheese bread. On an hors d'oeuvre board, serve this cheese with peppery salami, strips of bell pepper, and a crisp white wine.

Swiss Gruyere Aged 6mo 15.99 lb

This extra-special delicacy from the Gruyere district of Switzerland is well-known as the basic ingredient in fondue. But with its delightfully nutty, spicy, full flavor, it is delicious as a table cheese as well. A whole wheel of Gruyere weighs about 80 pounds. In fact, it takes over 100 gallons of milk to make a single wheel of Gruyere!
